In case of skin contact: In general, the mixture is not irritating to the skin. Wash off with plenty of water and soap.
In case of eye contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, transport to the nearest medical facility for additional treatment.
If inhaled: Move to fresh air. If symptoms persist, consult a doctor.
If swallowed: Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. If symptoms persist, call a physician.
