3100 W fog power

Interchangeable fog nozzles

1,3" OLED-display

Technical Data

Procedure	Vaporizing fog machine
Power	230 V ~, 50 Hz, 3100 W (PowerCON TRUE1)
Warm-up time	approx. 8 minutes
Tank capacity	5 liter
Output distance	up to 15 m with noise reduction nozzle, up to 20 m with wide-jet nozzle
Interface	5-pin XLR In/Out
Supported protocols	DMX512, RDM, Modbus RTU, JT Remote
Control	DMX/RDM, cable remote control, wireless remote control, integrated timer, stand alone
Supported fluid types	base*X, base*L, base*M, base*Q
Dimensions (L x W x H)	480 x 212 x 240 mm (height with tank holder 388 mm)
Weight	14 kg
